SIR

I have the honour to inform you that I inspected the Weaving Institute at Holenarsipur of Mr M A Srinivasa Iyengar last month and was much pleased with the work done in it As a forewarning it has been located in a portion of the building used for the Taluk Branch School Weaving on fly-shuttle looms is practised skilfully and machines for winding and warping suitable for a small factory have been devised and are at work A machine for sizing is also under construction

2 As Mr Srinivasa Iyengars Weaving Institute has been so successfully conducted, I do not think it necessary to have a

Separate Weaving School for the place I propose that a monthly grant of Rs 60 may be paid to him with effect from April 1904 on the following conditions

(1) That not less than ten boys of the Weaver caste be taught weaving on fly-shuttle looms in the Institute

(2) That 5 Scholarships of Rs 2 and 5 of Rs 3 be given monthly to weaver caste boys

(3) That boys of the carpentry school be trained in the Weaving Institute also if they desire the training

3 The estimate of the grant is based on the following considerations The Scholarships will amount to Rs 25 a month, the wastage of materials and inferiority of production of ten learners are estimated to cause a loss of Rs 20 a month, and the remuneration for Superintendence may be estimated at Rs 15 a month

4 In connection with the Weaving Institute I propose that a Carpentry School may be opened by Government with the following establishment

Carpentry and drawing teacher	Rs 20
5 Scholarships at Rs 2 and 5 Scholarships at Rs 3 for those who do not get weaving scholarships	25
Superintendent's allowance	10
Writer and store keeper	10
Peon	6

Rent - - - - - - - - - - - - - - - - - - Rs 10

Total Rs - - 81

The cost from April to June will be Rs 243

5 By the above arrangements the initial expenses as well as the cost of materials of a Weaving School will be saved The Initial expenses of a separate Carpentry class may be estimated at Rs 600 inclusive of the cost of a shed, and the cost of materials for the Carpentry class may be taken at Rs 400 for the Current year

6 I request that the above grant of Rs 60 a month to the Institute, the monthly establishment of a Carpentry class at Rs 81 a month, the initial expenses of Rs 600 and materials of Rs 400 for the carpentry class may be sanctioned from the provision of Rs 2500 for the Working expenses and Rs 1000 for initial expenses of a Weaving School at Sole-narsipur sanctioned by para 5 of Order No 14668-77 Edn A 4-96 dated 17th April 1903
